Headteacher: Mrs Pauline James

Longwood Primary Forest School Parental Consent form (Part 1)

Forest School is an approach to educating children in the outdoors on a regular basis. This work will support the national curriculum and EYFS (particularly, physical, literacy, science, maths and the arts) and will have a strong emphasis on raising all children's self-esteem and independence. Every Pupil at Longwood is required to take part in forest school.

An integral part of the Forest School experience is that children will experience the outdoors in all weathers. Forest school programmes operate all year round regardless of weather conditions (with the exception of very high winds thunder storms, severe icy terrain)

Please assume that your child will be outside when they take part in Forest Schools, even if it is for a shortened session.

All children will need appropriate clothing for the seasonal weather to take part in Forest school Every child <u>must</u> have

- Waterproof coat and waterproof trousers
- Wellingtons or walking boots.
- On sunny days, a sun hat and sun cream;
- On colder days, warm clothing, gloves and hat.

(Please bring a bag to put the items in -bear in mind your child will get wet and muddy!)

Taking part in Forest school activities is conditional on individuals recognising these activities are activities where the potential for misadventure exists, including personal injury. By completing these consent forms, participants and parents are made aware/accept these risks and agree to be responsible for their own/child's actions and involvement.

The forest school handbook and related risk assessment information is held on the school website for ALL to view/read. Some of these are listed in our Forest School handbook to assure you that all risks have been reduced to an acceptable level.

Please complete the consent forms and return to school as soon as possible if you give permission for your child to take part in Forest School activities.

 I agree to my child taking part in Longwood Primary Forest School activities at regular intervals.

- Sessions will be led by the Forest School staff.
- I understand that my child will need to bring their own wellington boots, and it is my responsibility to provide appropriate clothing for Forest School sessions.
- I understand that my child may, at an appropriate level, have opportunities to work with hand tools and small fires through the course of their Forest School work.
- I understand that my child will work in groups containing 1 adult to 10 children.
- I declare that in the event of any claim of compensation for an incident, the claim will
 only be against another party directly involved in that incident. No compensation will be
 sought from the school unless they are found, by law, to have acted in a negligent or
 illegal manner.
